# PREFACE.

Each year with the publication of the Directory an estimate of the population of the city is given out. In order that the public may understand that this is not mere guess-work, but a carefully made computation founded on former census figures, we give the following tables which we have obtained from the Department of State (the years and figures of every United States census which has been taken of the City of Buffalo), also the State census reports, and from the Department of Police the official figures of the census taken by them in 1895.

To show how we arrive at the number of persons represented by each name in the Directory we cite as follows:

## POLICE CENSUS.

1895 ..... 335,709

By reference to the above tables it will be seen that the number of names in the Buffalo Directory of 1870 was 28,500. The United States census taken that year gives the population as 117,714. This amount divided by the number of names in the Directory gives an average of 4.13 persons for each name in the Directory.

In 1880 the number of names in the Directory was 50,000. The United States census of that year gives the population as 155,134, or an average of 3.1 for each name in the Directory.

In 1890 the number of names in the Directory was 85,140. The United States census for that year gives the population as 255,664, or an average of 3 and a decimal persons for each name.

In the Directory of 1892 there were 91,000 names. The State census for that year gives the population as 278,727, or an average of 3.06 persons for each name.

The Police census for 1895 gives the population as 335,709. There were 106,000 names in the Directory of that year, or an average of 3.2 persons for each name.

We therefore base our estimate of the population on the number of names contained in the Directory multiplied by 3.2 persons, which former experience has shown to be a correct estimate when compared with the exact figures of the most recent census report.

The Directory this year contains 123,000 names. The present population, estimated at 3.2 persons for each name, gives 393,600, which figure we are confident will be proven conservative by the United States census to be taken in 1900.

# BUFFALO STREET DIRECTORY.

## EXPLANATION.

The names of the streets are in alphabetical order, giving, as near as possible, the course which they run, and enumerating streets which cross the same in the order in which they occur. The streets in the city were renumbered in 1868, and the following method was adopted: From the starting-point of the street, measuring along the line of the street, twenty feet; making No. 1 to the right-hand side, and No. 2 to the left-hand side, and so on, each twenty feet, whether there be a building, a vacancy or a street crossing. The number on one corner has been given, so that a person wishing to find 499 **Main Street,** on consulting the Street Directory, finds that the right-hand corner of Main and Mohawk is No. 487, consequently the place he seeks is only a few doors above.

ABBREVIATIONS.—N. for North; N. E. for Northeast; N. W., for Northwest; S. for South; S. E. for Southeast; S. W. for Southwest; E. for East; W. for West; Niag. for Niagara; Junct. for Junction; sq. for square; ave. for avenue; al. for alley; rd. for road; fr. for from; pl. for place; cr'k for creek; bet. for between; tks. for tracks; Boulv'd for Boulevard; B'way for Broadway; Gen. for Genesee; P'kway for Parkway.

### Buffalo Law School.

(Department of Law of the University of Buffalo.)
933 Ellicott Square.

Organized June, 1887, under the auspices of the Judiciary and the Bar of the City of Buffalo. The faculty and lecturers upon special topics are either judges now upon the bench, or lawyers in active practice, who will bring to the discharge of their duties ripe experience, made more valuable by their constant engagement in the decision and trial of the many new questions of law which rise in the practice of their profession.

The Buffalo Law School was organized in the spring of 1887, by the late Hon. Charles Daniels, and other prominent members of the Buffalo Bench and Bar.

The advantages of the School are great; its power as an educational factor is recognized and approved by the leading educators of the State. Students taking their course of instruction in this department will receive the degree of Bachelor of Law from the University of Buffalo.

The course of instruction to be followed will occupy two years' time. Each year will be divided into two terms of seventeen weeks each, beginning the last week in September, and closing the last week in May.

The situation of the School at the City of Buffalo is a peculiarly favorable one. During most of the college year three Courts of General Jurisdiction are in session, in which the trial of important cases often by distinguished counsel are constantly in progress.

Special terms of the Supreme Court are held daily, at which judges sit to hear and determine questions touching almost every branch of the law. Terms of the United States Courts are also held in the United States Court rooms.

Students will thus have the opportunity to observe the trial of causes before judges and juries, and to hear the argument of legal questions in appellate courts.

All communications should be addressed to E. Corning Townsend, Secretary and Treasurer, 37 White Building.

Faculty—Adelbert Moot, Dean; Hon. Sherman S. Rogers, Spencer Clinton, Charles B. Wheeler, John G. Milburn, Tracy C. Becker, LeRoy Parker, Charles P. Norton, Carl T. Chester, Martin Clark; E. Corning Townsend, Secretary and Treasurer.

Special Lecturers—Hon. Loran L. Lewis, Hon. Edward W. Hatch, Irving Browne, Frank R. Perkins, E. Lewellyn Parker, William Macomber, William H. Hotchkiss, Geo. S. Potter, Loran L. Lewis, Jr., Rev. Thomas R. Slicer, Louis L. Babcock, James L. Quackenbush, Wallace Thayer, James P. Hall, Maulsby Kimball.

A home for Aged and Destitute Females was opened in 1858. In 1896 a new orphanage was erected on Front Avenue, between Massachusetts and Rhode Island. It will accommodate about

100 children. In 1896 it was decided to open the Home for the Aged to old men as well as women.

## Offices throughout the Civilized World

ONE INTEREST ! ONE ORGANIZATION !

ONE MANAGEMENT !

THE BRADSTREET COMPANY gathers information that reflects the condition and controlling circumstances of every seeker of mercantile credit. Its business may be defined as: "Of the merchants, by the merchants, for the merchants." In procuring, verifying and promulgating its information, no effort is spared, and no reasonable expense considered too great that the results may justify its claim as authority on all matters affecting commercial affairs and mercantile credit. Its ramifications are greater, and its business larger, than those of any similar organization in the world conducted in one interest and under one management. Its offices and connections have been steadily extended, both on this and other continents, and it furnishes information concerning mercantile persons throughout the civilized world.

Subscriptions are based on the service furnished, and are available only by reputable wholesale, jobbing and manufacturing concerns, and by responsible and worthy financial, fiduciary and business corporations. Specific terms may be obtained by addressing any of the Company's offices.
